An act to amend Section 42421 of the Health and Safety Code, relating to air pollution.

### LEGISLATIVE COUNSEL'S DIGEST

AB 2823, as amended, Ruskin. Air pollution: district compliance programs.

(1) Existing law imposes various limitations on emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources. Existing law designates the State Air Resources Board as the state agency with the primary responsibility for the control of vehicular air pollution, and air pollution control districts and air quality management districts with the primary responsibility for the control of air pollution from all sources other than vehicular sources. Existing law permits a district to establish by regulation a permit system, as provided. Existing law also requires each district with a population of one million or more to establish a compliance program consisting of specified elements, including procedures to ensure the consistent issuance of notices of compliance and notices of violations.

This bill would require a district that has a population of one million or more, for any notice of violation of specified nuisance laws and regulations, to post a copy of the notice of violation on the district's

Internet Web site, no more than 2 days after ensuring that the information on the notice is accurate, thereby imposing a state-mandated local program.

~~The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.~~

~~This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.~~

*(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.*

*This bill would provide that no reimbursement is required by this act for a specified reason.*

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.
